FARBEN LEHRE was set up in September 1986, in Plock (city in the centre of Poland), so there was the jubilee **35 years** of activity in 2021. To this day, they published **15** studio albums so far, 6 DVD (live) and many compilations. The last position in **FL's** discography is the record, untitled "**Na zdrowie**", published in march 2023...

The band plays a lot of gigs in Poland (about 100 gigs year by year) and many times gave the concerts in the other European countries, like: Germany, Austria, Italy, England, Ireland, France, Belgium, Netherlands, Czechia, Slovakia & Ukraine. **FARBEN LEHRE** were guests of the biggest polish festivals, such as **Przystanek Woodstock** (10 times, each gig for many thousands people), **Jarocin** (13 times, prize-winner 1990), Czochraj Bobra, Rock na Bagnie, Węgorzewo or Cieszanów.

FARBEN LEHRE played joint concerts with many important bands like: Die Toten Hosen, The Exploited, New Model Army, UK Subs, The Toy Dolls, G.B.H., The Vibrators, Outcasts, Paranoid Visions, Dritte Wahl, Kozak System & Ine Kafe.

Their music is extremely positive, energetic and full of joy to play. Honest lyrics describe our reality in a great, sharp and right way. Musicians created their own unusual, recognizable punky-reggae style.
